Dr. Caldwell's Syrup Pepsin is the best remedy for constipation because it acts gently and does not gripe and strain. Its freedom from all habit-forming properties and its positive effect make it the ideal remedy for the family medicine-chest.

A CHILD DOESN'T LAUGH AND PLAY IF CONSTIPATED

If Peevish, Feverish and Sick, Give "California Syrup of Figs"

Mother! Your child isn't naturally cross and peevish. See if tongue is coated; this is a sure sign its little stomach, liver and bowels need a cleansing at once.

When listless, pale, feverish, full of cold, breath bad, throat sore, doesn't eat, sleep or act naturally, has stomach-ache, diarrhea, remember, a gentle liver and bowel cleansing should always be the first treatment given.

Nothing equals "California Syrup of Figs" for children's ills; give a teaspoonful, and in a few hours all the foul waste, sour bile and fermenting food which is clogged in the bowels passes out of the system, and you have a well and playful child again. All children love this harmless, delicious "fruit laxative," and it never fails to effect a good "inside" cleansing. Directions for babies, children of all ages and grown-ups are plainly on the bottle.

Keep it handy in your home. A little given to-day saves a sick child to-morrow, but get the genuine. Ask your druggist for a bottle of "California Syrup of Figs," then look and see that it is made by the "California Fig Syrup Company."

They Keep To The Top Notch of Health

The spirit of the times demands perfect health and nerves, and keeping them up to the highest degree of efficiency.

Wise men and women have learned that it does not pay to allow health or nerve power to run down, and are quick to take advantage of Nature's greatest red blood and nerve tonic, Phosphated Iron, the minute they feel they are slowing up.

Whatever your work may be there is no reason why it should continue to tire you; work should only use the right amount of your energy. It is trying to work on your nerves and forcing yourself that wastes your strength, runs you down, gives you those restless nights, loss of appetite and indigestion, when you get up in the morning as tired as when you went to bed.

There is no one in anyone being a victim of ill health, poor blood, overwork, nervousness, the blues when Phosphated Iron will afford such prompt and permanent relief.

All over the country men and women in their daily lives are getting good health, strength and nerves of iron to the use of Phosphated Iron, the red blood and nerve builder, and it will also put you on your feet, make you feel like a live one. It produces that "fresh" feeling that's what counts, no "fit" about it.

To insure physicians and their patients getting the genuine Phosphated Iron, the red blood and nerve builder, do not take pills or tablets. Insist on capsules.
